

## ESS Change/Delete Leave Request

### Purpose

Use this procedure to change or delete a leave request that has been submitted to your supervisor.

Leave may be submitted up to 30 days after it was taken (past), or up to 12 months in advance of taking it (future). For anything prior to that contact your payroll or time and attendance office for assistance.

**Read the following scenarios to determine how to submit a leave request. These examples are based on a work schedule of M-F, 8am to 5pm.**

**Scenario one (consecutive full shifts):** John is taking three days of leave (24 hours). Since the timeframe covers his entire work schedule over the three days, John will submit one leave request.

**Scenario two (multiple partial shifts):** John left work at 4pm on Wednesday and returned to work at 9am on Thursday. The total amount of leave taken is two hours. Since the time crosses over two days, but *is not for the entire shift*, John will need to submit two leave requests.

**Scenario three (scheduled work hours):** John is taking two hours of sick leave and using two hours of compensatory time on the same date. Since John is using two different types of leave he will need to submit two leave requests. ESS will provide an error message if the combined time of the leave slips exceed John's scheduled work hours for that day.

### Helpful Hints

Employee Self Service is available to employees who are paid through the State of Washington's central payroll system. ESS does not apply to employees of higher education institutions.

You can go directly to the portal from any supported internet browser by entering this web address: <https://wahrms.wa.gov>. Depending on your operating system, the supported browsers are: Microsoft Internet Explorer 6, 7 or 8 and Mozilla Firefox 3.6. Other browsers may work, but they are not supported.

When Department of Personnel is processing payroll you may receive a "System unavailable, please try again in 1 hour." error. If you receive this message during the noon hour, wait about 15 minutes and try your request again. If any other time, it could take up to an hour before you are able to submit your leave request.

5. Click the blue box to the left of the leave request you want to change or delete.

A leave request can be changed at any time. You can delete a request without supervisor approval until it is in **Approved** status. Once a leave request is in **Approved** Status you will need to request a deletion and the supervisor will need to approve the request for the deletion.

**Should I delete a leave request that was rejected by my supervisor?** No. The rejected leave request will display in your *Overview of Leave* for historical reference. You may **Change** the request as needed.

**I tried to change/delete an approved leave request that spans over multiple dates and submit two requests over the same timeframe, why did I receive an error?** In order for this to process correctly, submit the first leave request and have it approved by your supervisor. Once you receive an email notification that the leave request is processed, you will be able to submit the second (or any additional) leave request(s).

6. Verify that you have selected the correct leave request and click the **Change** or **Delete** button.

**To delete a leave request click on the delete button.** Review the request to ensure you have selected the correct entry to delete. If you selected the wrong record, click the **Previous Step** button to reselect. If everything is correct, click the **Delete** button, then go to **step 10**.
